

## **Pig Lilly's Quest For Success**

*Andrew Armatas*

Pig Lilly is dreaming big, more than just success,  
she wants to wear the crown, be ahead of the rest.  
Her quest keeps her busy and preoccupied,  
her friends feel left out and pushed to the side.

There's so much to prepare and plans to follow  
"I'll wow everyone with my party tomorrow!".

It will be the talk of the town, lavish and grand  
"when my friends see me triumph, they will understand".

Success comes with a sacrifice, that's what they say  
you give up what you cherish, it's the price you pay"

But Pig Lilly is in for a big surprise,  
there's more to success than meets the eye...

*An entertaining story about true success. Can you really have it all?*
